## SUMMARY

Hello, I'm Bharat Siddharth, an eager and dedicated learner who has built a foundation in programming and coding languages. As a fresher, I'm excited to explore the realm of project management, aiming to lead successful execution, streamline resource allocation, and ensure alignment with both technical milestones and strategic objectives. With a genuine commitment to lifelong learning, I'm ready to embark on my professional journey while honing my project management skills.

## SKILLS

- Java - Intermediate
- Python - Familiar
- HTML
- CSS
- Front end-Development
- Nodejs
- SQL

## SOFT SKILLS

- Analysis
- Responsibility
- Observation
- Innovation
- Adaptability
- Collaboration
- Active learning
- Planning

## PROJECTS

### WEATHER APPLICATION

- *Objective: Seeking a position in weather application development, leveraging API integration skills to deliver accurate and real-time weather data to users.*
- *Technology use - Html, CSS , & Javascript*
- *Projects: Developed a weather application using OpenWeatherMap API to display weather forecasts based on user locations.*
- *Weather API Knowledge: Well-versed in working with weather APIs, including OpenWeatherMap and WeatherStack, to retrieve weather data like temperature, humidity, and precipitation.*

### Vscode clone

- *Developed a VS Code clone using Node.js, EJS (Embedded JavaScript), and JavaScript, incorporating full CRUD operations to manage data effectively.*
- *Designed and implemented dynamic user interfaces with EJS templates, enhancing user interaction and experience within the application.*
- *Leveraged Node.js for backend development, handling server-side logic and routing to ensure seamless data flow and interaction between the frontend and backend components.*
- *Demonstrated proficiency in JavaScript for client-side scripting, enabling interactive features and dynamic content updates to enhance the usability and functionality of the application.*

## EDUCATION & CERTIFICATIONS

Samrat Ashok Technological Institute

Year - 2020-2024

Bachelor of Technology - Mechanical engineering CGPA - 7.67

## EXTRACURRICULAR ACTIVITIES

### Head - Volunteer

I led poster creation and organization as the head volunteer, ensuring impactful visual communication.
